THE SIXTEEN PAGE HISTORY OF THE ANTWERP LOCAL SCHOOL WAS MADE POSSIBLE BY THE EFFORTS AND COOPERATION OF THE FOLLOWING PEOPLE: The Antwerp Board of Education, Kathleen Neidhardt, Barb Goetz, Marcellene Noll, Marianne Cottrell, Peggy Savage, Jane Langham, Rebecca Geyer, and others, too numerous to mention, that supplied pictures and information.

Antwerp Local School Superintendents

100 YEARS

1867 There were 84 boys and 95 girls enrolled in the Antwerp School.

1868 In 1868 students who wished to read and write compositions were allowed to do so. Teachers were given a certain time for singing once a week on Friday.

1869 The trustees were given permission to use one or more classrooms for election purposes provided they received the votes through the windows.

1874 On September 29, the Antwerp school bell was purchased for \$117.00.

1881 John Snook was the first Antwerp graduate. This was only the beginning of his education as he went on to become a congressman and a judge.

1886 The salary of the superintendent was \$75.00 per month for a term of nine months.

The salary for the teacher of the grammar department was set at \$40.00 per month. The teacher of the immediate department was paid \$33.33 per month. The teachers of the A and B primary department, the C primary department and the D primary department earned salaries of \$30.00 per month each.

The school board of the Antwerp Village District bought 11' x 1' cords of wood at \$1.25 per cord.

Rev. Father Schniber of St. Mary's Catholic Church expressed his objection to the use of **Bible** in the opening exercises of school as had been a custom for some time. His objections were not sustained by the school board.

1887 Total enrollment of the Antwerp Village School for the school year ending in May, 1887 was 348.

A room was partitioned off on the second floor of the building to be used as a recitation room.

One clock was purchased for each school room.

The school board adopted the school policy that children who would become six years of age during the school term would be admitted to school at the beginning of the term.

The average grade was established to be a score of 75% on examinations and a grade below 60% failing.

Improvements the school board made for this school year were to purchase more blackboards and 12,000 match sticks in 3 lengths to be used for object teaching in the primary department.

Supplies purchased included a set of physiological charts, three fractional apples, five sets of toy money, and one cubic root block.

The Antwerp Village School District purchased two lots, lying east of and adjoining the school property.

The school board purchased a number of trees to be supplied at the school grounds on April 21, 1887, in observance of Arbor Day.

1888 The school board adopted the policy that any pupil absent four half days in any term without a reasonable excuse from a parent or guardian or who shall purposely absent himself from the

...a pupil in the rhetorical class to which he belongs, shall be suspended.

1889 The school board adopted the policy that any pupil in the high school or A & B grammar school engaged in circulating or carrying obscene literature to school would be suspended immediately.

Teachers were granted a Thursday and Friday afternoon as workdays for the purpose of filling out grade cards at the end of the school term.

Admission to the commencement exercises was 20¢ for reserved tickets and 10¢ for general tickets.

A certificate of honor was sent to the Antwerp Village School from Adrian College, Adrian, Michigan, to be presented to the pupil receiving the highest grade in the graduating class.

1890 The school board hired a practical mechanic and builder to examine the school building in regard to safety. After his report, they proceeded in making the necessary repairs.

In June, the school board proceeded to begin building an addition to the school house to be completed for the 1890-1891 school year.

Names of all children not in school, ages eight to fourteen, were given to the truant officer.

1891 Pupils that prepared themselves over the summer were allowed to take examinations in the fall for their grade.

Miss Hertel was granted the use of her room 15 minutes after school hours to teach singing.

1892 On January 7th, a petition by a number of scholars was presented to the school board for a gymnasium to be put up at the school house. The petition was read and tabled.

In March and September, school was dismissed one week due to diphtheria. The clerk requested the mayor to issue a proclamation to keep the children off the streets.

In April, the committee on building and grounds bought and planted 49 trees at the cost of 15 cents each.

1893 In March, the school time was changed from sun time to standard time.

The teachers requested the purchase of liquid measures from a gill to a gallon to be used for instruction.

1894 The State Board of Health, Columbus, Ohio, mandated that all pupils be vaccinated and furnish a certificate from their family physician.

1895 Professor Fess of Ada, Ohio, delivered the class address for commencement.

A furnace was purchased to heat the school.

1897 The admission for commencement was 25¢ for reserved seats and 15¢ for general admission.

1898 A new sidewalk was built on Franklin Street and the walk on Monroe Street was repaired.

1899 A flag was purchased for the school

house at a cost of \$5.50.

1900 An additional course of study was added to the curriculum for the high class. It was referred to as the Parkes and Addison Study.

1901 The study of civil government was moved from the second year of high school to the first year.

1902 In November, a petition by the teachers asking for an increase in wages from \$30.00 to \$35.00 was presented to the school board. The petition was discussed and tabled until the next meeting. At the December board meeting, the wages of all teachers in the Carryall Township District were increased to \$35.00 per month.

1903 Coal houses were built for the schools in various districts and coal stoves were purchased.

1904 Teachers were paid \$1.50 per month for janitor service.

W. G. Smythe and Joe Carr performed a coronet duet at commencement. Jennie Carothers performed a violin solo.

1905 The regular meeting days of the school board were set to be on the third Saturday in the months of April, June, August and December.

The school board resolved to pay the clerk of the board \$60.00 per annum for services in that position.

1906 School was closed in observance of George Washington's birthday.

Dr. C. C. Miller, President of Lima College, presented the class address at the commencement exercises.

Ana Snook gave a presentation entitled "The Dangerous Effects of Alcohol" and Hazel Chaney presented "Selfishness" at their commencement.

1907 The School term started on September 9, 1907. The school board president met with the mayor to suggest the propriety of enforcing the law prohibiting the admittance of school age boys to the pool rooms and other resorts where gambling and other devices were carried on contrary to the law.

School was held on George Washington's birthday. The students participated in exercises deemed suitable to commemorate the occasion.

1908 Teachers' salaries were set at \$45.00 per month for an 8 month school term.

1909 The *Imperial Reference Library* was examined and purchased by the school board. The nine volume set cost \$307.00.

1910 New closets were built in the school buildings in Districts No. 3, 5, and 2.

Halligan's Agriculture was added to the course of study.

Teacher salaries were set at \$48.00 per month for teachers with one year or more of teaching experience and \$42.00 per month for teachers with no previous experience.

The Antwerp Village School was closed and vacated in April in order to start the

construction of a new building to be completed by September 1911. The building was not completed in September, but school was held in the portion of the building that was finished.

1912 The school board fixed their regularly scheduled meeting day to be on Saturday evening of each month.

A telephone was installed in the new Antwerp school building. Teachers in the Antwerp Village were notified that school would not start as scheduled in September due to lack of funds to pay salaries.

1913 The school houses were heated with the best Kentucky lump coal available at a cost of \$4.80 per ton.

1914 The high school students published a school paper called "The PAPA W." The following articles were taken from the Antwerp High School "PAPA W," Spring Number, 1914.

"If I had only one thing to say to the school boys and girls of today it would be this: Learn to use your mind, learn to think about the things that count with the same enthusiasm and earnestness that you think about play. Never let the mind rust for want of exercise. Have high ideals. Read only the best books; study the lives of great and good men and try to fill your minds with the thoughts and purposes that make them remembered and loved."

Remember you are laying the foundation for a work of a lifetime and that whether you succeed or fail depends on what you think and how you think and that pure thoughts make a pure life and right thoughts make right living." John S. Snook

THE ANTWERP HIGH SCHOOL
Along the old Maumee stands our Antwerp Town
And the A.H.S. which is our pride and crown
Will we forget it? No, Never, Never
Our school days we'll remember for ever and ever

*The days, how long and dreary they seem
As we toil along our way
But each effort fits us better.
For the duties we'll meet some day.*

*Our teachers so kind to us have been,
May we never forget how they tried
To lead us on a higher realm
As we toil her side by side

THE SENIOR CLASS

On Feb. 27, our classmate Marie Derck came in, and took the Seniors for a bobsled ride to her home in the country, where the evening was spent in enjoying ourselves as only the Seniors know how. After a lunch served by the hostess, we returned to our homes. As we sped homeward one of the girls exclaimed, "Oh, I've had the best time tonight that I've had in ages," and she voiced the sentiments of all.

1915 It was resolved that the clerk of the school district was to perform the duties of treasurer.

The Antwerp Village School District voted to dissolve the school district and it was transferred to the Carryall Rural Board of Education to be maintained in the village in the same manner as it had been in the past.

100 YEARS

The principal of the Antwerp Schools earned an annual salary of \$1000.00.

There was a county wide uniform adoption of common school text books to be used in Paulding County.

1916 The board fixed the second Friday evening of each month to be the time of their regularly scheduled meetings.

Where as the Carryall Rural School District was maintaining a first grade high school and felt the need of more supervision for the welfare of the school, the Carryall Rural School District petitioned the Paulding County Board to be set off as a separate district.

The school term started on September 4, and the superintendent was instructed to make a schedule with the school term not to exceed nine months.

1917 The school board adopted *The Essentials of Geography*, Books One and Two, By Adolph, Brigams, and McFarlands. The books were purchased by the school board and in turn were sold to pupils for \$.54 and \$.93 each.

The Erter School was closed due to the fact that the average daily attendance for the preceeding school year was only eight pupils per day and there were only eight prospective pupils for this year.

The school purchased a horse drawn school wagon with a Wayne heater attached and a drop pole for \$223.50 from Carrs at Richmond, Ind.

1918 The school board fixed their regularly scheduled meeting day to be the second Thursday of each month.

On March 16th, 1918, the Paulding County Board of Education, in accordance with the provisions of the General Code of Ohio, dissolved the Carryall Township Rural School District of Paulding County and created there, together with certain territory from Harrison Township Rural School District, a new district to be known as Antwerp Rural School District.

The school year was scheduled for all grades to attend school for eight months and high school for nine months. The high school was to make up two weeks by attending on Saturdays.

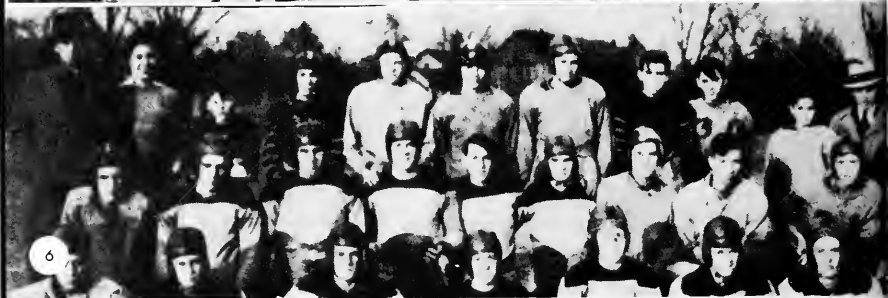

1919 School was closed six weeks due to a smallpox and flu epidemic. Teachers were notified that they were expected to make up for the lost time and would be paid half time wages for the make up days.

The school board made application to the Ohio State Department of Education for federal state aid for a department of vocational agriculture in the high school.

Plans were made to reopen the Erter School provided there were the required number of students to hire a qualified teacher.

1920 Superintendent Kunce was instructed to buy the necessary supplies as required by law for the carrying on of a first grade high school for the coming year.

On April 20th, the Murphy Schoolhouse, situated one and one half mile east of Antwerp on the old Canal, burned down during a wind storm. The remains were sold in five lots to the highest bidders.

Did you know?

C. B. Waters was employed as agricultural teacher for the 1920-1921 school year.

Father Joseph Ludwig, St. Michael's Parish of Hicksville, Ohio, purchased the Clay School Building, exclusive of lightning rods, bell, window sash and glass for \$275.00.

The board passed a resolution to discontinue transporting pupils to and from school unless said pupils lived more than two miles from the school.

Due to the fact that there was an insufficient number of pupils in the Armstrong School District to lawfully carry on a public school, the building was closed.

The school board established the policy that they refused to transport pupils either to or from any school unless it was a public school in the Antwerp Rural School District or other public school district where it became necessary for transportation in accordance with the school laws of the state of Ohio.

The salary of the clerk of the school board was increased to \$25.00 per month due to the fact that the position required more research and bookkeeping since the passage of the Ohio State Teachers' Retirement System.

The school board hired Isaac Boice to drive the school truck now owned by the board. His salary was \$20.00 per week. He had to furnish his own oil, gas, grease, make repairs, and store the truck at the end of the term for \$2.00 per month. The school board paid for all new materials and parts.

In August, the school electric bill was \$3.00. It cost the board \$69.00 to place four new tires, tubes, and make other repairs on the bus.

In October, the school board found themselves financially short on funds to meet the payroll of the teachers and bus drivers. They borrowed \$1000 to be paid back at the rate of 7%.

1921 The superintendent's salary was set at \$2,000.

On April 7th, the school board approved the graduation of 16 girls and 2 boys.

Students fees for high school were \$8.00 per month.

G. H. Deemer was employed as principal of the high school at the salary of \$1,800.

On August 4th, under the Smith-Hughes Law, Mr. L. L. Brown was employed to teach agriculture at the high school.

The opening day of school was September 12, and elementary students ended their school year on April 28, 1922, with 2 days off for Thanksgiving and 9 days off for Christmas.

The compulsory school age for the Antwerp School District was 7 to 18 inclusive.

In September, the school board was considering solutions to overcrowding in the Antwerp building.

1922 There were nine locations making up the network of the Antwerp School District: Erter, Clark, Overmeyer, Elmtree, Wilson, Champion, Doering, Link and Stinger.

100 YEARS

The school board voted not to pay transportation for children living less than two miles from school.

On July 8, the Board of Education, by petition, closed the Elm Tree School.

Home economics was brought to Antwerp High School. The class was held in Daggett Cottage.

1923 The board granted Link, Clark, and Erter schools a day to attend the Farmers' Institute held at Fairview Grange Hall.

On April 5, the Doering School was offered for sale.

1924 The board suspended the Link School because the cost of transporting those students would be much less than the operation of the school.

1925 On March 25th, the Champion Schoolhouse, buildings, and land were sold at public auction. The first outhouse was sold to Edward Purdy for \$4.00. The second outhouse was sold to Weldon Powell for \$5.00. Mr. Powell also bought the woodhouse for \$38.00. The schoolhouse and land were sold to Roy Schultz for a bid of \$290.00. The Doering Building was sold to Wm. Cunningham for \$82.00. The Wilson Schoolhouse and land were purchased by Fred Bartell for \$177.00.

In August, a flagpole was purchased for the school for \$73.20.

1926 A supplementary reading program was entered into the curriculum as directed by guidelines from the state.

On November 2, a levy for \$95,000 was defeated by a margin of 406 to 196. This was to have purchased a site, built a new building, and furnished it.

1927 On September 9, a very large delegation attended the board meeting to ask permission for annexation to the Antwerp Rural School District. The matter was given to the county board for consideration.

1928 Mr. Ollie Zedaker was employed as a teacher at \$800 for eight months.

1929 In the November election a bond issue to raise \$112,875 to build a new high school was defeated by a margin of 387 to 337.

1930 A fee of 25 cents was charged to attend commencement exercises.

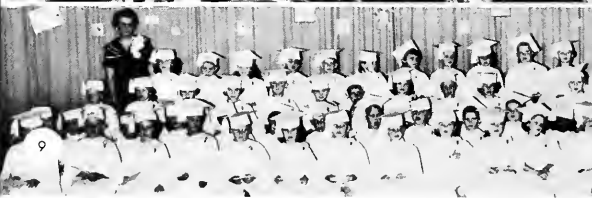

In November the new building levy was again defeated with 462 no votes and 326 yes votes.

1931 A Willys school bus was purchased for \$875 from the Gordon Bus Company.

1932 The elementary grades were closed after eight months of school due to a lack of funds to continue to the end of the school term.

In October, the superintendent told the board that the total enrollment in the grades was 416 and the high school enrollment was 175. This large enrollment caused a very congested condition throughout, with grade attendance as high as 60 in one room.

1933 The graduating class was the largest to that date with 36 students.

Did you know?

1934 In November, the board made another attempt to get a building levy passed. It failed once more.

1935 The school year was extended to 180 days.

On August 13, a special election was held to place before the voters a building levy in the amount of \$73,000. This time it passed with 456 yes votes and 222 no votes.

1936 Antwerp's school colors were black and orange.

Upon completion of the new gym, the game of basketball was revived after an absence of several years. Participating in only three games, none were won, but the boys showed considerable ability and promise.

1937 The first yearbook, "The Antwerpian" was published.

In April, Richard Rhoad portrayed Mr. Goodspeed, Governor of Alabama in the high school operetta, "The Governor's Daughter." Orville (Dub) Zuber was a book publisher.

1938 Ruth Parrett was elected secretary of the freshman class.

George Maglich (left end), Richard Crosby (right half), and Jack Yaeger (quarterback) were named to the All-County football team.

The Antwerp Track Team was formed again after an absence of twelve years. They placed fourth in a county meet with a high jump of 4' 10" by Donnell Wing.

For many years the various schools in Paulding County competed for a place on the county scholarship team. Sixteen different subjects were tested and the two highest ranking students of each school advanced to the county team. These students then competed in a district-state test at Bowling Green State University. The following county team members from Antwerp placed at Bowling Green: Chemistry — Jane Long (first at BG); General Science — Paul Deemer (fourth at BG, ninth in state); Physics — Richard Carr; American History — Robert Dangler; Latin I — Ruth Carr (fifth at BG); Biology — Denzil Webber (sixth at BG).

Centennial Reflections

On May 27, 1984, with the graduation of 66 seniors, Antwerp Local School celebrated a centennial year. This marked the 100th class to graduate from Antwerp High School. Although John Snook, the first graduate, received his diploma over a hundred years ago in 1881, there were no graduates in 1884, 1888, and 1911, making this year the centennial year.

Educating the children of the community has always been a priority in Antwerp. The first schoolhouse was built of logs in 1833. It was located two miles northeast of Antwerp on the farm of Isaac Woodcox. William Roberts taught the enrollment of fifteen students.

With the platting of the Antwerp Village, a log schoolhouse was built on the corner of Main and Franklin Streets where the **Bee Argus** is presently located.

Later, a frame school building was erected on the lot presently occupied by H&W Automotive Parts. This building was moved and rebuilt into a residence.

The next school building was another frame building erected on River Street on the lot west of the Methodist Church.

In 1876, a six room, two story brick school building was constructed just west of the present building. The cost of this building was \$17,000. Looking ahead at the possibility of expansion, the Antwerp Village School District purchased two lots, lying east of and adjoining the school property.

In 1890, the school board hired a practical mechanic and builder to examine the school in regard to its safety. Upon receiving this report, the necessary repairs were made to the building — and an addition to this brick structure was also built. The building was completed when the fall school term started.

In April of 1911, the Antwerp Village School was closed and vacated in order to be torn down to make room for a new, larger structure. The new building was constructed just east of the vacated building. Although the building was not completed in September at the beginning of the school term, school was held in the portion of the building that was finished.

In 1915, the Antwerp Village School District voted to dissolve the district and it was transferred to the Carryall Rural School District to be maintained in the same manner as it had been in the past.

In 1916, whereas the Carryall Rural School District was maintaining a four year high school of the first grade and the local board felt the need of more supervision for the welfare of the schools, the Carryall Rural School Board petitioned the Paulding County School Board to be set off as a separate district under the school laws of Ohio. In March, 1918, the Paulding County Board of Education, in accordance with the provisions of the General Code of Ohio, dissolved the Carryall Township Rural School District of Paulding County and created there, together with certain territory from Harrison Township Rural School District, a new district to be known as Antwerp Rural School District.

In 1919, there were at least twelve schools operating in the network of the Antwerp Rural School District. One of the schools in this network, the Erter School, was closed in 1917 due to the fact that there were only eight prospective students for this school year. It was reopened in 1919, since the enrollment was then large enough to hire a qualified teacher.

On April 11, 1920, the Murphy School, situated one and a half miles east of Antwerp on the old canal, burned down during a wind storm. The remains were sold at public auction to the highest bidders. In this same year, the Armstrong School was closed since there was not a sufficient number of students to lawfully carry on a public school. The Clay School was also closed and sold.

Also, in 1920, the school board established an official transportation policy. The only students to be transported would be those living more than two miles from the school buildings. These students would be transported to and from the public schools only, either in the Antwerp Rural School District or other public school district where it became necessary for transportation in accordance with the school laws of the state of Ohio.

In 1922, there were nine locations, other than the school on Franklin Street, making up the network of the Antwerp Rural School District. Those schools included Erter, Clark, Overmeyer, Elm Tree, Wilson, Champion, Doering, Link, and Stinger.

In the fall of 1922, the Elm Tree School was closed. The Doering School was sold in 1923. In 1924, the Link School was suspended because it was cheaper to transport the students than to operate the school. In 1925, the Champion School was sold at public auction, as were the Doering and Wilson Schools. Although the dates are not certain, the other

buildings were eventually closed and all students were transported to the Antwerp Rural School located on Franklin Street.

In 1926, the need for a new high school was evident and a levy, valued at \$95,000, was presented to the voters. This was to have purchased a site, built a new building and furnished it. The issue was defeated by a vote of 406 to 196. In 1929, a bond issue for \$112,875 to build a new high school was again presented and went down in defeat by a vote of 387 to 337.

In 1932, the school was experiencing a very congested condition with the enrollment in the grades at 416 and the high school enrollment at 175, for a total enrollment of 591 students. Grade attendance was reported to be as high as 60 in one room. The 1933 graduating class reflected this increased enrollment; the class of 36 seniors was the largest to that date.

In November of 1934, a levy was again presented to the voters only to go down in defeat once more. It wasn't until August of 1935, when a special election was held, that a building levy for \$73,000 passed by a vote of 456 to 222. This amount, along with the approval of federal funds for 45% of the cost of the building, allowed the project to begin. The P.W.A. grant from the federal government amounted to nearly \$56,000 making the total cost of the project over \$128,000. This building housed all of the high school classrooms and a gymnasium. Mr. Guy Deemer was the superintendent at this time.

In 1956, the voters approved an eight classroom addition to be constructed on the west side of the elementary building. This project also included offices, a school cafeteria, and multipurpose room for a total cost of \$380,000. The building was dedicated at a special ceremony on February 24, 1957. Mr. Ollie Zedaker was superintendent during this period.

The 1956-57 school year was also the first year kindergarten was offered at the local school. Mrs. Stiver was the teacher and there were approximately 64 students that participated in a kindergarten graduation ceremony held in May of 1957.

In 1958 a bus garage was built on the east side of the high school.

The next building project took place in 1965 when an elementary addition of seven classrooms was erected and attached to the west side of the elementary building. The cost of this project was \$135,000 and it was completed for use in the fall of 1966. Superintendent at this time was Mr. Dale Adams.

In the fall of 1966, a new dual routing schedule of busses was started. Students in grades seven through twelve were picked up and transported to school which was in session at 8:00 A.M. The same busses then transported the elementary students to school which was in session at 9:00 A.M. The same routing was used in the afternoon with the upper grades dismissing one hour earlier than the elementary grades. Antwerp is still on this schedule.

During the same school year two new programs were added to the high school curriculum. The Business and Office Education Program and the Diversified Cooperative Training Program were both new. Later a similar program was named the O.W.A. Program. These were forerunners to the present vocational education programs.

In 1968, the voters favored a \$480,000 building project which included 15 classrooms, a library with shelving for 12,000 volumes and a seating capacity of 75, and a room for audio visual equipment. An elevator was also installed for handicapped use. Dale Adams was serving as superintendent.

In 1972, the original building that was constructed in 1911 was torn down to be replaced by a new 1,500 seat gymnasium, an enclosed 75'x37' pool, an exercise room, a vocal music room, a boys' shower room, a girls' shower room, and several storage areas. A four classroom addition with movable doors was attached to the south side of the elementary building. An elementary library was included in this project. This was constructed at a cost of \$825,000 with Dale Adams serving as superintendent.

The school board was notified that the state would no longer be funding the Occupational Work Program for the 1976-77 year. This was a vocational skills program. In the fall of 1976 Vantage Vocational School, located in Van Wert, opened its doors to students in Paulding, Van Wert, Putnam, and Mercer Counties. Vantage presently serves these counties and offers many vocational programs.

The graduation of the 100th class marked a milestone in the history of The Antwerp Local School. Looking forward to the next graduating class marks the continuance of the tradition of providing the best possible education to the students of the Antwerp community.

Survey

HOPES and EXPECTATIONS for the New Decade

My hope for the new decade is . . . that the U.S. becomes a more powerful nation and develops higher technology.
 to keep in touch with as many classmates as possible
 to come to the U.S. again during the time I am a student of a college.
 to find a job that pays good and is easy.
 that the world will learn to live in peace with one another.
 to spend a year in France.
 that people make the best out of the careers they choose.
 that the economy gets better so that everyone can get a job and everyone can get ahead.
 that we give peace a chance.
 to get a good paying job that I like to do.
 that the Cincinnati Reds beat the New York Yankees in the World Series three times in a row.
 that nuclear weapons will just be history.
 that everybody in our senior class has a happy and successful life.
 that we all see each other again.

FACING GRADUATION

Faces of old and faces of new
 People we knew and people we know,
 Growing together, then drifting apart
 Always an ending and now a new start,
 At graduation we all grow nearer
 And all of our friends seem so much dearer.
 And as we say our final good-bye
 One last embrace and one more cry
 A "Keep in touch" and a "Promise I will"
 A "Remember when," but better still,
 A place in my heart, you'll always stay.
 This is what's said as we go on our way.

AWARDS

Mr. Archer Basketball — Ron Billman, 2nd Team GMC, Mr. Blood and Guts — Bob Krutch, Honorable Mention GMC, Mr. Heart and Soul — Dave Hammond, Most Improved — Chad Hormann

"The goals of any team are many, but this year's varsity seemed to accomplish the 'few' that are the ones that everyone will always remember. Three of the goals that the team accomplished were: (1) to become a competitive team (2) Not finish last in the GMC (3) win 7 games (the number of combined wins the Seniors have accomplished since Junior High). In a win over Arch-rival, Hicksville, and a good showing at Tournament time, you would have to say that this season was one filled with nothing but good "blessings." The varsity should be proud and stand tall."

Team is Rebuilding

"The junior varsity basketball team had a record of 4-16. They were young, inexperienced, and lacked leadership. It was a rebuilding year for the team. There were some bright spots, but the mental mistakes haunted the team all year. The team was led by Co-Captains Dave Coleman and Kipp Taylor. Todd Hormann led in over all performance."

Straight From the Heart

*I could start dreaming but it never ends
as long as you're gone we may as well pretend.
I've been dreaming Straight from the Heart*

*You say it's easy but who's to say
that we'd be able to keep it this way
but it's easier coming Straight from the Heart*

Oh give it to me Straight from the Heart.

Tell me we can make another start.

*You know I'll never go as long as I know
it's coming Straight from the Heart*

*I see you on the street some other time
and all our words would just fall out of line
While we're dreaming Straight from the Heart*

Oh give it to me Straight from the Heart.

Tell me we can make another start.

*You know I'll never go as long as I know
it's coming Straight from the Heart.*

SYNOPSIS OF

"THE MUSIC MAN"

"The Music Man" is the story of a River City, Iowa, a town visited by a traveling salesman. The townspeople come to know him as Professor Harold Hill. In reality Hill is not a musician, but rather an opportunist who uses the idea of forming boys bands as a way to pocket the money and run ... to try the scheme on the next unsuspecting town.

"The Music Man" starts on a railroad coach in rural Iowa, July 4, 1912. The arrival of Harold Hill in River City sets into motion a series of events which effects the lives of everyone in town from the mayor to the librarian to the school board to the kids to Hill himself.

"The Music Man" follows the events and tells the story of Harold Hill, Marian Paroo, Winthrop Paroo, Mayor and Mrs. Shinn, and a score of other characters in River City. It is a musical production of rousing music and sentimental songs. Rich with interesting characters, it is a story to follow ... and enjoy.

"Tah-dah!"

Scholastic Bowl

H. S. Hosts First Invitational Tournament

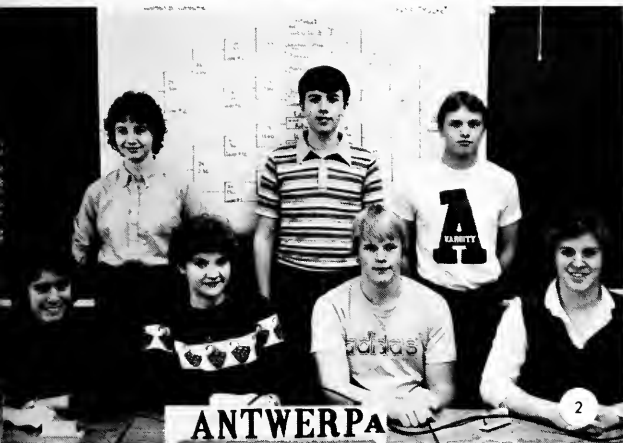

The Antwerp High School Scholastic Bowl Team participated in four meets this year. As a pre-season warm-up, the team and advisors accompanied Dr. Taylor as guests at a January Rotary luncheon. Following lunch, they engaged in competition against the Antwerp Rotary team. Although it was a close match, the high school team emerged victorious.

Antwerp sent two teams to the Hicksville Invitational Tournament in January. In February, the high school team participated in the GMC Scholastic Bowl Meet held at Fairview High School.

In March, Antwerp High School hosted the first Antwerp Invitational Tournament. Antwerp entered two teams and a total of fifteen teams participated. Laura Taylor was selected to the second team with an accumulation of 150 points. Fairview High School won the tournament with Tinora High School placing second.

The Antwerp team traveled to the Van Wert Invitational Tournament where they defeated Hardin Northern in the first match, but then lost to Hicksville in the second match.

At the close of the year, the scholastic bowl team took a field trip to The Toledo Art Museum.

"In general, our season was one of much learning and great success. We worked hard trying to improve ourselves with the basic fundamentals of the game, as well as learning the team concept needed for winning. We strived to give it our best at all times and found out that this along with great hustle led us to this fine season. We will work hard in the off season to improve ourselves to average our three losses."

MARQUIS.

The Elegant No-Wax
For Virtually
Seamless Floors.

Unightly floor seams that capture dirt and food particles can be a problem. But it's a problem you don't need to face.

Mannington's Marquis comes in both 6- and 12-foot widths for seamless installation in most rooms. And, there are so many beautiful patterns and colors to choose from.

Marquis is easy to care for. It has the exclusive high-gloss Dura Polish wear layer that protects it against stains and spills.

Come on in and take a good look at Marquis. You'll like what you see.

After all, it's a Mannington.
